OUR ANCESTORS TREATED CONSTIPATION NATURALLY

Constipation is as old as the world. Most people must fight it from birth to death. Some use harsh cathartics of metallic drugs that force relief, but do not strengthen the organs so that they perform their functions normally. Our early ancestors turned to Nature for pleasant relief. From herbs, barks, roots and leaves blessed with laxative properties, they prepared a pleasant, effective extract. Such a remedy as our forefathers made is Dr. True's Elixir, the True Family Laxative and Worm Expeller. Prescribed for his patients originally seventy-one years ago by Dr. J. F. True, a conscientious Maine country doctor, it has become a household favorite. Contains pure extracts of imported herbs that purify the bowels as they cleanse. Used over 70 years. 40c—80c—\$1.20—adv.
